Please contact by email in the first instance

Fax:

+44 (0)161 342 2790

Funding programme under which project will be submitted:

LIFELONG LEARNING – LEONARDO (Initial Vocational Training projects)

Deadline for submissions:

6 February 2009

Brief description of project:

We are searching for a host organisation to take between 5 and 10 young people in 2010 and 2011 – we are seeking an office environment and clerical/administrative work. We would particularly be interested in other Local Councils/Municipalities as some of the young people will be trainees from our Council – the others will be young people ages 17-19 studying A Levels at the local College. However we are also looking for organisations with a wide range of work areas that would be offered by a Council – eg other more manual work eg Park management, vehicle maintenance

etc. We are looking for placements for our young people of between 2 and 5 weeks – in 2010 and 2011.

Which countries would you like to find partners in:

All EU Member States outside of the UK, particularly Sweden, Denmark, the Netherlands and Malta.

What types of organisations do you want as partners:

Local authorities
Schools
SMEs

Are you intending to be the lead partner?

YES

Can you give any indication of budget and staff commitments at this time?

All costs will be for our beneficiaries only – we are seeking work placements from the partner – with an element of supervision

We are happy to reciprocate by finding work placements in our area for a similar number of students.

Deadline by which responses need to be received:

1st February 2009
