

## ETU initiative Flagship Interreg MED Renewable Energy

### Letter of Commitment

In the framework of the Interreg MED Renewable Energy Project and the ETU Initiative,

**the Municipality of Ragusa**, represented by Dr. ing. Carmelo Licitra

And,

Scientific Centre BISTRA, represented by Project Manager Danilo Ceh Lead Partner of the  
Renewable Energy Project from Interreg MED Programme.

Join in this Letter of Commitment in voluntary and agree in intention to exercise their best efforts for developing the mainstreaming exercise of the ETU Toolbox and ETU Model into “[CER Iblea project]”.

Interreg MED Renewable Energy Project agree to:

- Matching givers and receivers needs and opportunities through the use of tools and methodologies developed within Interreg MED Renewable Energy Community of Projects.
- Facilitating communication and management of the mainstreaming process.
- Coordinate the dissemination of the results in mutual agreement.

the Municipality of Ragusa agree to:

- Provide technical information and data required for the application of ETU toolbox.
- Collaborate in the analysis and estimation of indicators.
- Participate at the workshops and dissemination activities of the ETU Initiative Flagship.

The technical support provided by the ETU Initiative will be free of charge for the cases selected. All parties agree to respect and follow the proper citation of the documents and tools exchanged.
